

CLIENT MEETINGS AT CHILTERN HOUSE

To help us ensure your safety, and the safety of our staff, please take a moment to read the guidelines below prior to your visit.

ADVISORY PROTOCOL FOR VISITORS

We are looking forward to welcoming you to Chiltern House and are pleased to share with you the following information and guidelines on how we are maintaining a COVID-secure environment. Our offices and client meeting room have been adapted to incorporate social distancing and additional sanitisation measures, tailored specifically to the nature of each visit. We have reduced the number of client meeting rooms to one and this will be sanitised prior to your visit, and again after your departure.

PRIOR TO THE MEETING

When arranging your meeting, your host will ask you to declare that you:

- Do not have any of the symptoms typically associated with COVID-19- cough, high temperature, shortness of breath
- Have not travelled to any affected or quarantined areas in the past 14 days
- Have not come into close contact with anyone suspected or diagnosed with COVID-19, nor undergone self-isolation in the past 14 days due to COVID-19 symptoms displayed by someone in your household.

Your adviser will also confirm that they do not have any of the above conditions.

Should your circumstances change in the period leading up to your meeting, please notify us immediately. To enable us to maintain social distancing measures as best we can, please do not bring other people to the office that will not be participating in the meeting unless they are required to accompany you for essential health reasons or support.

We also ask that all clients/visitors that fall within the government's identified persons at increased risk groups seek to ensure that our contact with you does not put your health at risk.
